Trail Maintenance West Creek Trail Summer Work – West Creek Trail Association is slated to complete Phases 2 and 3 of the Trail from Emporium to St. Marys this Fall and has purchased the former West Creek Nursery building and property at 264 West Creek Road to be used as the trail head. The Club has entered into a lease agreement with the Association to utilize the building as a clubhouse and to store our equipment. We need to renovate the interior of the building to suit our purposes, and are in need of building supplies and volunteers.

New Groomer – We received a PSSA mini grant to do maintenance on the groomer. We replaced hydraulic hoses, refurbished the tracks with new cleats and guides, added lights, and repaired electrical issues.

DCNR Groomer Grant – The Department has awarded the Association a \$140,000 grant to replace its Snow Plane groomer with a new Tractor with Tracks and a new Snow Drag. The Club has to contribute 20% (\$35,000) towards the purchase of the new equipment, and has been seeking other grant funding. The Club has not been approved for any other grant funding as of yet, and is in need of donations to accomplish the purchase this year. Any contribution would be appreciated.

Fall Grass Drags – The Association decided to cancel the grass drags for this year due to conflicts with other area drag races. We are planning on setting a date early for next year's event, and using a new timing system.

Anyone who wants to volunteer for projects please email the club at smsnowmobile@gmail.com with name, phone number, what you would be willing to help with, etc.
